

Accelerate the customer flow and improve the checkout experience

Increase sales and customer throughput

Communicate with customers with a Simple Messaging System

The Alpha Coaster Pager is made to improve onsite communications. Increase sales by guiding customer flow with custom alphanumeric messages displayed on an LRS pager with a digital LCD screen.

Enhance Productivity

Proven as the simplest way to manage guest notifications, traditional paging systems are fast and easy to operate.

Custom messaging type

Choose between two available font sizes to display your message on the LCD screen. Choose the large four digit display option for short messages or a smaller font that allows up to 255 character LCD displays pager number and text messages.

Integrate to your operations

Use your solution to activate LRS paging equipment. Notify guests, staff, or receive requests for service.

ADDITIONAL FEATURES:

- **UHF frequency penetrates walls, ceilings and floors more effectively than VHF**
- **Built-in rubber bumper reduces damages**
- **Any-orientation charging means pagers can be stacked in any direction in small spaces**
- **Nickel Metal Hydride battery allows coasters to last for years**
