On-Site Paging Systems*

STAFF PAGING

Rechargeable Alphanumeric Pager

- Rechargeable NiMH battery
- 1-Line, 20-character message display
- Scrollable display holds messages of up to 80 characters
- Easy to use

Service Pager

- Quiet vibration messaging
- 1, 2 or 3 vibration or beep notification modes
- Rechargeable pager- lasts up to 72 hours on a single charge
- Cradle holder prevents broken pager clips
- Strong vibration

Butler XP

- Pages directly to a pager (no hardwiring required)
- Operates on two AA batteries
- Auto re-page feature ensures that a page is not missed
- Waterproof
- Use with all LRS alphanumeric pagers

Notify Staff Discreetly of Appointment Arrivals

Salon and Day Spa's worldwide use LRS staff paging solutions to maximize the quality of service provided to their valued clients.

This low-cost solution is a simple-to-use paging system that allows your receptionist to quietly communicate with your staff. Instantly notify any staff wearing an LRS pager that their next appointment has arrived, with a quiet vibration alert.

- Instantly notify staff of incoming phone calls or appointments running late
- Send up to 3 vibration messages (EX. 1 vibrate = phone call, 2 vibrates = client running late, 3 vibrates = client has arrived)
- Also able to send customized text messages (Netpage software required)

T7400A

- Supports up to 9,999 pagers
- Use with all LRS pagers

T7400A

T74USB- PC Based Transmitter

- Customized messaging

T74USB

Client To Staff Paging

Service at the Touch of a Button

Quietly page staff members from any treatment room with the Butler XP. Easily attachable to virtually any surface, the button can be preprogrammed with a message that when pressed, sends a message to a staff pager. Clients can use it to let you know they need something.

- Improve staff response to clients' requests
- Compatible with all LRS pagers

Reliable and affordable LRS pagers let you spend less time running around and more time with your clients. Call us today to find out more.

CUSTOMER SURVEYS

Allegiant Electronic Comment Card

- Rechargeable NiMH battery
- 1-Line, 20-character message display
- Scrollable display holds messages of up to 80 characters
- Easy to use

Get Instant Client Feedback with LRS Allegiant Electronic Comment Card

The Allegiant Electronic Comment Card is an easy-to-use hand held device that allows your clients to input survey responses about their service experience. You get immediate and accurate customer feedback as clients complete the questionnaire onsite. The system also alerts a manager of clients who are dissatisfied with their experience before they leave your business.

Benefits:

- Promotes higher client response
- Instant and accurate guest feedback
- Measures client satisfaction daily
- Resolve problems before clients leave
- Improve loyalty and customer retention

Features:

- Compact Hand-held design
- Easy to use, Plug and Play
- Custom surveys with professional survey design
- Daily performance summaries
- Real-time Manager Alert Paging
- Automatic data transfer via phone or high-speed connection
 - No connection to computers or software needed
- Online Reporting
 - Trend analysis and graphic charting
 - Staff and department performance reports
 - Goal setting with goal variance measurement

Monitor and enhance client satisfaction with Allegiant's Electronic Comment Card by LRS.
